

## Program - PPS Biennial Meeting, June 25 – 27, 2022 Cork, Ireland

<b>DAY</b>	<b>Saturday 25 June 2022</b>	<b>Moderators and Speakers</b>
<b>1</b>	<b>Updates on Lung Carcinoma 8:30-10:30 (20min/speaker)</b>	<b>Moderators: Louise Burke and Wendy Cooper</b>
1.1	Update on WHO classification of thoracic tumours	Ming Tsao
1.2	Fact and artefact in thoracic pathology - assessing STAS and invasion in lung cancer	Chung Jin-Haeng
1.3	Grading of lung adenocarcinoma	Andre Moreira
1.4	Assessing major pathological response following neoadjuvant therapy	Bill Travis
1.5	Distinguishing multiple primary tumours from intrapulmonary metastases	Teh-Ying Chou
1.6	R category in cancer resections - why bother?	Alain Borczuk
	<b>MORNING TEA 10:30-11:00</b>	
<b>2</b>	<b>Updates on neuroendocrine and salivary gland tumours 11:00-1:00 (20min/speaker)</b>	<b>Moderators - Siobhan Nicholson, and Nicky Kingston</b>
2.1	Grading of neuroendocrine tumours - MI or Ki-67?	Giuseppe Pelosi
2.2	Evolving concepts in lung neuroendocrine tumours	Natasha Rekhtman
2.3	Neuroendocrine tumours of the thymus	Philipp Strobel
2.4	Molecular characterisation of SCLC and other NE tumours	Alexandra Sexton-Oakes
2.5	Update on DIPNECH	Giulio Rossi
2.6	Salivary gland tumours of the lung	Mitra Mehrad
	<b>LUNCH 1:00-2:00</b>	
<b>3</b>	<b>Mesothelioma and other pleural diseases 2:00-4:00 (20min/speaker)</b>	<b>Moderators: Luka Brcic and Annabelle Mahar</b>
3.1	Mesothelioma and occupational lung disease- pitfalls for expert witnesses	Victor Roggli
3.2	Mesothelioma in situ	Sanja Dacic
3.3	Grading of mesothelioma and histological prognostic features	Aliya Husain
3.4	Molecular characterisation of mesothelioma and what you need to know for everyday practice	Yin (Rex) Hung
3.5	It's not all mesothelioma - other tumours of the pleura and pericardium	Sonja Klebe
3.6	Mesotheliomas and immune checkpoint inhibition	Francoise Galateau-Salle
	<b>AFTERNOON TEA 4:00-4:30</b>	
<b>4</b>	<b>Thymic/mediastinal and other tumours 4:30-6:00 (15min/speaker)</b>	<b>Moderator: Joe Maleszewski and Deepali Jain</b>
4.1	Update on WHO classification of thymic tumours	Anja Roden
4.2	Update on mesenchymal tumours of the mediastinum and thorax	Jen Boland
4.3	Mediastinal and lung lymphomas	Katalin Kelemen
4.4	Thoracic SMARCA4-deficient undifferentiated tumours	Jennifer Sauter
4.5	Update on NUT carcinomas	Lucian Chirieac

## Program - PPS Biennial Meeting, June 25 – 27, 2022 Cork, Ireland

4.6	Mediastinal germ cell tumours	Annikka Weissferdt
<b>DAY 2</b>	<b>Sunday 26th June 2022</b>	<b>Moderators and Speakers</b>
<b>5</b>	<b>New Technologies in Lung Pathology 08:30- 10:30 (18min/speaker)</b>	<b>Moderators: John Gosney and David Hwang</b>
5.1	Morphology in thoracic diagnostics; yesterday's technology?	Keith Kerr
5.2	Artificial intelligence in lung pathology	Douglas Hartman
5.3	Implementation of a full digital pathology laboratory	Liron Pantanowitz
5.4	Multiplexing methods in lung pathology	Ignacio Wistuba
5.5	3D pathology	Sylvie Lantuejoul
	<b>MORNING TEA 10:30-11:00</b>	
<b>6</b>	<b>Molecular Biomarkers for Targeted Therapy and Immunotherapy 11:00-13.00 (17min/speaker)</b>	<b>Moderators: Emily Shaw and Marie-Christine Aubry</b>
6.1	More than a decade of lung cancer profiling; the rise of the machines	John Gosney
6.2	Gene fusions as drivers of non-small cell lung cancer	Matt Evans
6.3	Update on molecular classification of invasive mucinous adenocarcinomas	Yasushi Yatabe
6.4	Update on PD-L1 in lung cancer	Julien Adam
6.5	Image analysis and algorithms in PD-L1 assessment - help or hindrance?	Alex Haragan, Liverpool
6.6	TMB as a biomarker for immunotherapy in lung cancer - does it live up to the hype?	Lynette Sholl
6.7	The role of TILs in predicting response to immunotherapy	Kim, Hyojin
	<b>LUNCH 1:00-2:00</b>	
<b>7</b>	<b>ILD- idiopathic 2:00-4:00pm (20min/speaker)</b>	<b>Moderators: Donald Guinee</b>
7.1	What's new in diffuse lung disease (including PPFE)	Andrew Nicholson
7.2	Interstitial lung abnormalities	Mary Beth Beasley
7.3	Update from the PPS ILD Working Group	Lida Hariri
7.4	Histological assessment of IPF - impact of ATS/ERS/JRS/ALAT and Fleischner guidelines	Max Smith
7.5	The role of blood based genomic tests for the diagnosis of IPF	Brandon Larsen
7.6	Genetic causes of ILD	Kirk Jones
	<b>AFTERNOON TEA 4:00-4:30</b>	
<b>8</b>	<b>ILD- non-idiopathic and pneumoconiosis 4:30-6:00 (18min/speaker)</b>	<b>Moderators: Vera Capelozzi, Brazil and William Wallace</b>
8.2	Vaping associated lung injury	Yasmeen Butt
8.2	New HP guidelines from ATS/ERS/JRS/ALAT	Jeff Myers
8.3	Asbestos-induced disease - will it disappear in the 21 <sup>st</sup> century?	Richard Attanoos
8.4	Non-asbestos related occupational lung diseases	Andrew Churg

## Program - PPS Biennial Meeting, June 25 – 27, 2022 Cork, Ireland

8.5	Childhood ILD (chILD) - What every thoracic pathologist must know about paediatric pulmonary pathology	Megan Dishop
<b>DAY 3</b>	<b>Monday 27th June 2021</b>	<b>Moderators and Speakers</b>
<b>9</b>	<b>Molecular Pathology (8:30-10:00) (30min/speaker; 22 if 4 speakers)</b>	<b>Sabina Berezowska and Alain Borczuk</b>
9.1	Cytology for molecular pathology in lung cancer	Lukas Bubendorf
9.2	Germline mutations in lung cancer and mesothelioma	Fernando Lopez-Rios
9.3	Validation of PD-L1 and other IHC markers in Lung Cancer	Erik Thunissen
9.4		
	<b>MORNING TEA 10:00-10:30</b>	
<b>10</b>	<b>COVID-19 Lung Pathology, Rare Lung Disease and Transplantation Pathology 10:30-12:30 (24min/speaker)</b>	<b>Moderators: Fiorella Calabrese and Prodipto Pal</b>
10.1	COVID-19 pulmonary pathology - the Italian experience	Fiorella Calabrese
10.4	Lung pathology of fatal COVID-19 compared to viral and non-viral ARDS	Mari Mino-Kenudson
10.6	Molecular diagnostics in heart and lung transplantation	Benjamin Adam
10.5	Update on pulmonary IgG4 disease	Joanne Yi
10.6	Cystic lung disease	Aurelie Fabre
	<b>LUNCH 12:30-1:15</b>	
<b>12</b>	<b>Mystery cases 1:15-2:30 (10min/speaker)</b>	<b>Moderators: Mari Mino-Kenudson and Andre Moreira</b>
11.1	Set of quiz cases	
11.2		
11.3		TBD
11.4		TBD
11.5		TBD
11.6	Award presentations
